March 5, 2003

Thank you in advance for accepting this letter of recommendation. It is a pleasure to recommend Tracy Aaron of Fort Worth Electric. I am currently the Director of Engineering at the Medical Center of Lancaster, Texas. I originally met Mr. Aaron while employed at HealthSouth where I was Director of engineering for Dallas/ Fort Worth.

Mr. Aaron was performing the electrical construction to the Dallas HealthSouth project working through the General Contractor on site. During construction, I was able to see first hand the dedication Mr. Aaron and his staff has in completing a quality project on time.

Mr. Aaron and his staff are conscious of the work environment and takes due care for the hospital, the staff, and the patients. I continue to call on the service of Fort Worth Electric for my larger projects. He is always very responsive and has competitive pricing.

If I can be of any further assistance, please don't hesitate to call.
(972)274-7117.

Thank you,

Rod Baker
Director of Engineering
